

WTF PR – Proposal for Great Hornbill Resorts (Nilambur, Kerala)

Prepared By: WTF PR (Way To Freedom Public Relations LLP)

Point of Contact: Kaushal Manjeri

Prepared For: Great Hornbill Resorts, Nilambur

Engagement Duration: 3 Months

Commercials: ₹60,000 (All-inclusive for 3 months, plus ad spend – to be paid per month)

1. Executive Summary

Great Hornbill Resorts holds a unique experiential value proposition rooted in nature, adventure, and family-centric leisure. However, the current digital ecosystem does not reflect this strength. The website is text-heavy and misaligned with modern attention spans, while social media lacks consistent storytelling, brand identity, and high-impact visual content.

WTF PR proposes a structured 3-month digital transformation program to reposition Great Hornbill Resorts as an attention-grabbing, experience-led leisure destination. This engagement will refresh the website, re-engineer the social presence, build a consistent brand theme, streamline guest-generated content, and launch targeted campaigns to improve occupancy and direct bookings.

2. Current State Diagnosis

Through preliminary evaluation, the following critical gaps were identified:

Website-Level Issues

- Excessively text-heavy pages, low visual hierarchy, weak attention capture.
- Activity pages with mismatched images (e.g., Spice Tour displaying snorkeling visuals).
- High-value activities (Firefly Festival, Open Bird Sanctuary, Nature-Stream Bathing, Archery, Rifle Shooting, Hiking, Snorkeling) are not highlighted upfront.
- “The Story Behind the Resort” lacks actual storytelling and emotional resonance.
- Blog page exists but contains no content.

- No clarity on booking funnel efficiency or GA4 tracking.

Social-Media Issues

- Engagement rate below competitive benchmarks.
- No consistent brand theme or content identity.
- Activities and experiences not showcased through short-form video or guest documentation.
- Existing 185 posts lack modern narrative consistency.
- Strong potential in the follower base, but low conversion to inquiries and bookings.

Market Reality

- Average human attention span $\approx$ 8 seconds $\rightarrow$ requires high-quality visuals, immediate hooks, CTAs, and story-driven content.
 - Resort industry is dominated by experiential presentation. Content $\rightarrow$ Emotion $\rightarrow$ Action $\rightarrow$ Booking.
-

3. Strategic Approach

WTF PR will reposition Great Hornbill Resorts through a phased, experience-led digital overhaul:

a) Make the website visually experiential

Show the activities first. Tell the story through images, not paragraphs. Restructure the homepage to highlight the activities done at The Great Hornbill Resorts.

b) Create a cohesive brand theme on social media

A unified visual identity, colour palette, typography logic, posting cadence, and content structure.

c) Build a content engine based on real guest experiences

With consent, every guest's stay becomes a potential content pipeline (stories, reels, testimonials, highlight videos).

d) Run strategic campaigns & ads

Target audience segments based on:

- Nature tourism
- Family trips
- Couples & honeymooners
- Corporate outing planners
- Adventure seekers
- 1-day visitors from Kerala & Tamil Nadu

e) Tightly align social media → website → booking funnel

Ensure that inspired traffic leads to a fast-loading booking page with minimal friction.

4. Three-Month High-Level Action Plan

Month 1: Website Revamp + Social Media Cleanup

Website

- Audit all pages.
- Replace text-heavy sections with visual-first layouts.
- Rebuild homepage with activity-first structure.
- Fix incorrect/mismatched images across activity pages.
- Rewrite “Story Behind the Resort” to include actual origin, purpose, and emotional context.
- Add placeholder blogs + future content roadmap.
- Add clear CTAs for booking and gallery viewing.
- Begin GA4 installation and analytics setup (subject to backend access).

Social Media

- Clean up highlights.
- Redesign visual theme templates (colour palette, typography, post formats).
- Audit existing posts; identify reusable content.
- Set baseline metrics (followers, reach, impressions, engagement).
- Prepare a content calendar for Month 2.

Output of Month 1

A refreshed digital identity that reflects what the resort *actually offers*, not just what is written.

Month 2: Brand Theme Execution + Guest-Driven Content Engine

Brand Theme Implementation

- Start publishing within the new visual identity.
- Build weekly content series:
 - “Experiences at Great Hornbill” (activities)
 - “Moments with Nature” (scenic visuals)
 - “Family Diaries” (family-focused content)
 - “Adventure Corners” (archery, rifle shooting, trekking)
 - “Firefly Stories” (seasonal USP)

Guest Content Pipeline

- Design SOP for capturing:
 - Short reels
 - Candid moments
 - Drone clips
 - Guest testimonials
 - Before/after activity snippetsWith permission, each guest generates 5–8 pieces of content.

Community & Reputation Management

- Responding to comments & DMs professionally.
- Creating story highlights to showcase activities.

Output of Month 2

A recognisable brand personality. Social media starts becoming visually cohesive and more engaging.

Month 3: Campaigns, Ads & Booking Conversions

Campaign Development

Create story-based campaigns like:

- *“Where Light Meets Nature – The Firefly Experience”*
- *“Families Who Travel Together, Grow Together”*
- *“Corporate Breakout Retreats Near You”*
- *“Your Weekend Starts Here – One-Day Getaways at Great Hornbill”*

Paid Ads (Within Budget)

- Interest targeting based on:
 - Adventure tourism
 - Eco-tourism
 - Nature photography
 - Family holiday planners
 - Kerala/Tamil Nadu travellers
- A/B testing of creatives and messaging.

Conversion Optimisation

- Align social posts → landing page → booking CTA.
- Improve WhatsApp inquiry flow.
- Implement tracking pixels (Meta + GA4).
- Analyse insights weekly and refine targeting.

Output of Month 3

- Higher engagement
 - Sharper audience targeting
 - Booking-oriented funnel
 - Clear insights on future content and ad scaling
-

5. Deliverables Overview (3 Months)

Website

- Full layout restructuring
- Visual-first homepage
- Activity-first content organisation
- New story section
- CTA enhancements
- GA4 installation & analytics setup (if access granted)
- Blog framework

Social Media

- New brand theme & design library
- 10-14 posts/month
- 12-16 stories/week
- 4-6 reels/month (conditional upon the content provided to WTF PR)
- Highlight restructuring
- Monthly analytics report

Campaigns

- 2-3 thematic campaigns
 - Paid ads planning + execution
 - Audience targeting strategy
 - Lead funnel optimisation
-

6. KPIs & Success Metrics

Initial KPIs (final baseline after access):

Primary KPIs

- Increase social media follower count
- Increase monthly engagement rate
- Raise website CTR on key pages
- Improve booking inquiries (WhatsApp, DMs, website)

Secondary KPIs

- Take the right steps to improve the occupancy rate progressively
 - Video views
 - Saves & shares
 - Leads generated from ads
 - Website session durations
 - Reduce bounce rate
-

7. Operational Workflow

Approvals

- Major approvals: Within 5 working days
- Minor approvals: Within 24-48 hours
- POC for all coordination: **Mr. Arjun T Prasannan, General Manager**
- WTF PR POC: **Kaushal Subramaniam Manjeri Ramakrishnan**

Content Execution

- Weekly content production
 - Weekly review call (optional)
 - Monthly reporting
-

8. Commercials & Investment

Total Investment for 3 Months: ₹60,000 (WTF PR Package)

Breakdown:

- Website restructuring
- Content theme development
- Content creation & design
- Reels, stories, posts
- Analytics & reporting
- Campaign development

Other services at extra cost:

- Ad management + base ad budget
- Photoshoot and videoshoot sessions

This pricing is significantly below the industry benchmark for resort digital transformation, but it is offered considering partnership potential and long-term value creation.

9. Terms of Engagement

- 100% transparency in all deliverables and ad spend usage.
 - WTF PR operates as an external digital & brand partner for the 3-month cycle.
 - All access to required digital tools (website admin, Meta accounts, GA4) must be provided.
 - Guest documentation will only be conducted with the guest's explicit consent.
 - Creative rights for produced content remain with WTF PR unless contractually transferred.
-

10. Closing Note

Great Hornbill Resorts has extraordinary experiential assets – nature, adventure, family bonding, and exclusive activities like the Firefly Festival. WTF PR's structured 3-month plan is designed to translate these strengths into **visibility, engagement, and bookings**, making the digital presence accurately reflect the real experience guests enjoy.

WTF PR looks forward to partnering with Great Hornbill Resorts to elevate their brand identity, digital influence, and occupancy performance.
